Madonna di Campiglio has maintained its charm and beauty for over a century. Known as the “Queen of the Snow”, it was a favorite destination for European nobility in the late 1800s and has managed to keep pace with the times ever since, both in terms of its skiing facilities and everything else the area has to offer—including “mountain chic” lodging, Michelin-starred restaurants that serve up gourmet interpretations of traditional local delicacies, high-street shopping featuring all of the greatest designer labels, and a vibrant night life. Located at the foot of the Doss del Sabion, a natural viewpoint over the Brenta and Adamello-Presanella, Pinzolo is one of the most innovative skiing destinations in all of Trentino thanks to the continuous efforts to improve both the lifts and ski runs. One of the highlights is certainly the Tulot Audi Quattro ski run, the newest and most thrilling black run in the area. Thanks to the Mini Club and the other dedicated services found at high altitude, it is an ideal place not only for families but also for those looking for a place that keeps all its authenticity intact. Pinzolo, along with the whole Val Rendena, allows you to enjoy the treasures of its history and traditions, in which the character of an alpine country still lives, rich in culture and at the same time, immersed in the nature of the neighbouring valleys.

Skiing, not just a winter sport. The Pontedilegno-Tonale ski area is located on the border between the Trentino and Lombardy regions and is open for skiing from autumn through spring on the Presena glacier at an altitude of 3,000 meters (9,850 ft). Pontedilegno-Tonale has 28 lifts serving 100 km (62 mi) of ski runs, all interconnected and packed with snow, thanks to the high altitude and an artificial snow system covering the entire ski area. The advanced Paradiso ski run is one of the most amazing of all the Alps and runs from the summit of the glacier all the way down to Ponte di Legno. A length of 11 km (nearly 7 mi) of non-stop excitement, it's one of Europe's longest ski runs! The Pontedilegno-Tonale ski area also features a terrain park complete with its own ski-cross run, and the area is great for both families and young adults, who can enjoy the nightlife in the many pubs and dance clubs as well as the various chalets and mountain lodges for a more relaxing evening out.

- Construction work for the **NEW THERMAL SPA** center that will open in Ponte di Legno during Christmas 2021, has officially begun.
- Work has also started for the **NEW FAMILY VILLAGE**, a special kindergarten on the snow in Passo Tonale.
- This summer, **THE ZIP LINE IN PONTE DI LEGNO** will be inaugurated and it will also be open during the winter months.
- The second edition of the **ICE MUSIC FESTIVAL** has been confirmed for winter 2019-2020, a magical event that features instruments made of ice.
